

DUI Court Program

A Message from the Twelfth Judicial Circuit Solicitor

The social acceptability of DUI is changing quickly in our circuit and we must be prepared to help those who are multiple time offenders.

According to MADD, South Carolina ranks as one of the worst states for DUI fatalities. We hope to break the cycle of more DUI arrests with property damage, injury or even death and provide the supervision and treatment these offenders need, in order to protect our law abiding citizens.

If you qualify and are ready for that next step in achieving sobriety, you are encouraged to take advantage of this opportunity to eliminate your alcohol use and dependency.
